

# **INDUSTRIAL TRAINING + INTERNSHIP PROGRAM**

[www.plasmid.co.in](http://www.plasmid.co.in)

**Plasmid is here to offer you two-months of online internship / industrial training.**

**The curriculum is split into two parts so that you can understand the theoretical portion of the domain and use it as effectively during the Live industrial project phase**

## **First Month**

**PLASMID brings you a unique online Internship training program at your own schedule.**

**Professional industry experts will help to master the skills you require to stand out to employers.**

**We will be training you online at your own schedule on a platform that's mobile and laptop friendly. Which helps you:**

**-To complete the internship at your own convenience and receive certificates**

**-In placement assistance as all good companies require a minimum level of industrial training and project experience.**

**You will be provided a LMS portal where you will receive all industrial training sessions /study materials and E-Learning content.**

**You will receive access to the LMS portal  
for 6 months**

# Second Month

You will be given 2 Live projects ~ 1 Minor and 1 Major project. Concepts and training acquired in the first month of the program will be used and implemented here. This will equip you with the experience and skills required to do real-time projects in the future for your post graduation/ Internships/Company technical selection tests.

**Students who enroll in the program will receive the following perks :**

## 1 . Internship Completion Certificate

### CERTIFICATE OF INDUSTRIAL TRAINING

is proudly presented to

*Vishal Kumar*

FOR COMPLETING HIS INDUSTRIAL TRAINING AT  
PLASMID FROM MARCH 1ST 2023 TO MAY 1ST 2023. WE
